   - The practice of management helps to achieve the organizational mission and determines the future of the business enterprises.

2. List out the management tools.
   - Tools of management have been developed such as, accounting, business law, psychology, statistics, econometrics, data processing, etc.
   - These branches of management profession have enhanced the practical utility of the science of management.

3. Who is a manager?
   - According to P. Drucker, the manager has to balance and integrate three major jobs of a business enterprise as mentioned below
     (i) Managing a business;
     (ii) Managing manager; and
     (iii) Managing workers and work.
   - A manager is a dynamic and life-giving element in every business.

4. State the meaning of Authority.
   - Authority means the right of a superior to give the order to his subordinates.

5. What do you mean by Span of management?
   - The Span of Management refers to the number of subordinates who can be managed efficiently by a superior.

II. SHORT ANSWER QUESTIONS:

1. Define the term management.
   "Management is a multipurpose organ that manages a business and manages worker and work." — Peter F. Drucker
   "To manage is to forecast, to plan, to organise, to command, to co-ordinate and to control." —Henry Fayol.

2. Is management an Art or Science?
   - Management is neither a science nor an art.
   - But a combination of both requiring people holding managerial positions to apply the scientific management principles and displaying popular managerial skills to accomplish the organizational goals as efficiently and as quickly as possible so as to be competitive in the globalized environment of business.

III. Long answer questions:

1. Write about the contribution of Drucker to management.
   Drucker stresses three jobs of management:
   (i) Managing a business;
   (ii) Managing manager; and
   (iii) Managing workers and work.

   Even if one is omitted, it would not have management anymore and it also would not have a business enterprise or an industrial society.

   According to P. Drucker, the manager has to balance and integrate three major jobs of a business enterprise as mentioned above. Hence, a manager is a dynamic and life giving element in every business. Without efficient management it cannot be secure the best allocation and utilisation of human, material and financial resources.

2. Explain the management process in detail.
   1. Management is Co-Ordination:
      The manager of an enterprise must effectively coordinate all activities and resources of the organisation, namely, men, machines, materials and money the four M’s of management.

   2. Management is a Process:
      The manager achieves proper coordination of resources by means of the managerial functions of planning, organising, staffing, directing (or leading and motivating) and controlling.

   3. Management is a Purposive Process:
      It is directed toward the achievement of predetermined goals or objectives. Without an objective, we have no destination to reach or a path to follow to arrive at our destination, i.e., a goal, both management and organisation must be purposive or goal-oriented.

   4. Management is a Social Process:
      It is the art of getting things done through other people.

   5. Management is a Cyclical Process:
      It represents planning-action-control-re planning cycle, i.e., an ongoing process to attain the planned goals.

3. Describe the principles of scientific management.
   Mr. Frederick Winslow Taylor (F.W. Taylor) brought about a scientific approach.

   1. Science, Not Rule of Thumb:
      ✓ Rule of Thumb means decisions taken by manager as per their personal judgments.
      ✓ According to Taylor, even a small production activity like loading iron sheets into box cars can be scientifically planned.
      ✓ This principle is concerned with selecting the best way of performing a job through the application of scientific analysis and not by intuition or hit and trial methods.

   2. Harmony, Not Discord:
      ✓ Taylor emphasized that there should be complete harmony between the workers and the management
      ✓ Both the management and the workers should realize the importance of each other.
      ✓ Management should always be ready to share the gains of the company with the workers and the latter should provide their full cooperation and hard work for achieving organizational goals.

   3. Mental Revolution:
      ✓ Management as well as the workers should aim to increase the profits of the organisation.
      ✓ Workers should put in their best efforts so that the company makes profit and on the other hand management should share part of profits with the workers.
      ✓ Thus, mental revolution requires a complete change in the outlook of both management and workers.

4. Cooperation, Not Individualism:
- Cooperation, mutual confidence, sense of goodwill should prevail among both, managers as well as workers.
- Workers should be considered as part of management and should be allowed to take part in decision making process of the management.
- Workers should also resist from going on strike or making unnecessary demands from management.

5. Development of each and every person to his or her greatest efficiency and prosperity:
- Efficiency of any organisation also depends on the skills and capabilities of its employees to a great extent.
- To attain the efficiency, steps should be taken right from the process of selection of employees.
- The work assigned to each employee should suit his/her physical, mental and intellectual capabilities.
- This ultimately helps to attain efficiency and prosperity for both organisation and the employees.

4. Explain the principles of modern management.

The Father of Modern Management is Mr. Henry Fayol, and according to him there are 14 major principles of management.

1. **Division of Work**: According to this principle the whole work is divided into small tasks. It leads to specialization which increases the efficiency of labour.

2. **Authority and Responsibility**: Authority means the right of a superior to give the order to his subordinates whereas responsibility means obligation for performance.

3. **Discipline**: It is obedience, proper conduct in relation to others, respect of authority, etc. It is essential for the smooth functioning of all organizations.

4. **Unity of Command**: This principle states that each subordinate should receive orders and be accountable to one and only one superior. If an employee receives orders from more than one superior, it is likely to create confusion and conflict.

5. **Unity of Direction**: All related activities should be put under one group, there should be one plan of action for them, and they should be under the control of one manager.

6. **Subordination of Individual Interest to Mutual Interest**: The management must put aside personal considerations and put company objectives firstly. Therefore the interests of goals of the organization must prevail over the personal interests of individuals.

7. **Remuneration**: Workers must be paid sufficiently as this is a chief motivation of employees and therefore greatly influences productivity.

8. **The Degree of Centralization**: Centralization implies the concentration of decision making authority at the top management, it depends on company size.

9. **Line of Authority/Scalar Chain**: The principle suggests that there should be a clear line of authority from top to bottom linking all managers at all levels.

10. **Order**: Social order ensures the fluid operation of a company through authoritative procedure. Material order ensures safety and efficiency in the workplace. Order should be acceptable and under the rules of the company.

11. **Equity**: Employees must be treated kindly. Managers should be fair and impartial when dealing with employees, giving equal attention towards all employees.

12. **Stability of Tenure of Personnel**: Stability of tenure of personnel is a principle stating that in order for an organization to run smoothly, personnel (especially managerial personnel) must not frequently enter and exit the organization.

13. **Initiative**: Using the initiative of employees can add strength and new ideas to an organization. Initiative on the part of employees is a source of strength for organization because it provides new and better ideas.

14. **Esprit de Corps/Team Spirit**: This refers to the need of managers to ensure and develop morale in the workplace; individually and communally. Team spirit helps develop an atmosphere of mutual trust and understanding. Team spirit helps to finish the task on time.
4. Discuss the implications of span of management

The Span of Management has two implications:

1. Influences the complexities of the individual manager’s job
2. Determine the shape or configuration of the Organization

➢ There is a wide and a narrow span of management.

**Wide Span of Management:**
- there will be less hierarchical levels, and thus, the organizational structure would be flatter
- It will be very difficult for a superior to manage a large number of subordinates at a time and also may not listen to all efficiently.
- Number of managers gets reduced in the hierarchy, and thus, the expense in terms of remuneration is saved.
- The subordinates feel relaxed and develop their independent spirits in a free work environment, where the strict supervision is absent.

**Narrow span of Management:**
- The hierarchical levels increases, hence the organizational structure would be tall and more challenges.
- Less number of subordinates under one superior, requires more managers to be employed in the organization.
- It would be very expensive in terms of the salaries to be paid to each senior.
- Communication suffers drastically.
- Lack of coordination and control because the operating staff is far away from the top management.
- Cross communication gets facilitated, i.e., operative staff communicating with the top management. Also, the chance of promotion increases with the availability of several job positions.

All the Best!

<tr>
<td>In this marketing product can be sold or bought 24 x 7, round the year with minimum manpower.</td>
<td>That is not possible in traditional marketing.</td>
</tr>
</tbody>
</table>

2. Explain advantages and disadvantages of E-tailing.
   **Advantages:**
   1. **Cost:**
      - E-tailware software helped retailers in updating the information against competition & avoids the expenses by creating online catalogues instead of paper catalogue.
   2. **Global bazaar:**
      - E-tailing creates a global bazaar style marketplace that gathers many consumers and many retailers.
   3. **Access (no physical location):**
      - Travelling is not required to see and compare products since all information about the products are available online.
   4. **Inventory:**
      - Inventory of the products can be placed in larger quantity with all ranges available with a particular retailer without worrying about the space limitation and shelve availability for that product.
   5. **Flexible time:**
      - Time flexibility in accessing the shop is a significant advantage of e-tailing. A customer can access the shop 24/7 according to their need and comfort.

   **Disadvantages:**
   1. **Personal information:**
      - While shopping through the online media, consumers are confronted with a lot of security issues.
   2. **Technical issues:**
      - The other major concerns are related to technical problems like security and confidentiality of information, speed of access, etc
   3. **Mode of payment related issues:**
      - Credit cards are the preferred mode of payment for all online purchases. There is always a possibility of misuse of the card details as the e-tailers cannot capture any signatures of the cardholder.

4. Customer service, distribution and logistics related issues:
   - It is evident that e-tailing facilitates business transactions but care should be taken to ensure that the products are delivered on time.

5. Shopping is still a touch-feel-see-hear experience:
   - Indian shoppers want to touch, feel and examine the product before they buy it.

3. Describe the various strategies pursued in recent day’s marketers.
   E-Tailing:
   - E-tailing or electronic retailing refers to selling of goods and services through a shopping website (internet) or through virtual store to the ultimate consumer.
   - The customer receives the product at their preferred address through courier service.

Niche marketing.
   - Niche marketing denotes a strategy of directing all marketing efforts towards one well defined segment of the population.
   - A niche market does not mean a small market, but it involves specific target audience with a specialized offering.
   - The sports channels like STAR Sports, ESPN, STAR Cricket and Fox Sports target the niche market of sports enthusiasts.

Green marketing:
   - Green marketing involves developing and promoting products and services which satisfy customers’ wants and needs for quality, performance, affordable pricing and convenience – all without causing a detrimental impact on the environment.

Social marketing:
   - Social marketing is a new marketing tool. It is the systematic application of marketing philosophy and techniques to achieve specific behavioural goals which ensure social good.
   - Example, Asking people not to smoke in public areas

Multilevel Marketing:
   - Multilevel Marketing is the marketing strategy wherein the direct sales companies encourage its existing distributors to recruit new distributors to facilitate the sale of goods and services.

4. Compare the concept of social marketing with service marketing.
   Social marketing:
   - Social marketing is a new marketing tool.
   - It is the systematic application of marketing philosophy and techniques to achieve specific behavioural goals which ensure social good.
   - The primary aim of social marketing is ‘social good’ such as anti-tobacco, anti-drug, anti-pollution, anti-dowry, road safety, protection of girl child, against the use of plastic bags.
   - Social marketing promotes the consumption of socially desirable products and develops health consciousness.
   - It helps to eradicate social evils that affect the society and quality of life

Service marketing:
   - A service is any activity or benefit that one party can offer to another which is essentially intangible and which does not result in the ownership of anything like business and professional services insurance, legal service, medical service etc.
   - Service marketing is a specialized branch of marketing. Service marketing denotes the processing of selling service goods like telecommunication, banking, insurance, car rentals, healthcare, tourism, professional services, repairs etc.,
   - The service products are mostly intangible, inseparable from service provider and service variable depending on the mood swing of service providers perishable in quick time, unstandardisable and deliverable directly from service provider without inter-median.

5. Discuss any two new methods of marketing with it’s advantages.

**Viral marketing:**

Viral Marketing is that which is able to generate interest and the potential sale of a brand or product through messages that spread like a virus, in other words, quickly, and from person to person. The idea is for it to be the users themselves that choose to share the content.

**Low cost:**

What characterizes viral campaigns is that the users do a significant part of the work for us, which drastically cuts down the costs of dispersion: it becomes unnecessary to buy advertising or space on the media.

**Potential of great reach:**

A viral video on the Internet has the ability to reach a huge international audience without us having to invest money or make any extra effort.

**It is not invasive:**

In viral marketing, the decision to participate and share always comes from the user, and so it never comes across as invasive.

**It helps build up your brand:**

We are creating content so incredible that users themselves decide to share it and, hence create a personal connection with your brand. It is without a doubt an extremely powerful tool when it comes to branding and awareness.

**Niche Marketing:**

Niche marketing denotes a strategy of directing all marketing efforts towards one well defined segment of the population. A niche market does not mean a small market, but it involves specific target audience with a specialized offering.

**Less competition:**

Unlike in generalized marketing where market competition is still, niche marketing has quite less competition for the viable customers purchasing the products.

**Brand loyalty:**

Niche marketing makes it possible for businesses to build their brand loyalty. This marketing approach lets you provide customers with products and services they need and desire.

**Best for giving marketing insight:**

Once you begin to concentrate fully on niche marketing, you will learn about new products, innovations and ideas about the market

**Wide Reach:**

With this approach, you will be able to reach a larger percentage of people who are more likely to use your services or purchase your products.

CHAPTER 16: CONSUMERISM

I. Very Short Answer Questions:

1. Who is a consumer?
   A consumer is one who consumes goods manufactured and sold by others or created (air, water, natural resources) by nature and sold by others. One, who avails services such as banking, transport, insurance, etc., is also called a consumer.

2. Define Consumerism.
   “Consumerism is an attempt to enhance the rights and powers by buyers in relation to sellers”
   - L. Massie

3. Give two examples of adulteration.
   - Mixing of stones with grains
   - Mixing of coconut oil with palmolein
   - Papayas seed is added to black pepper

4. What is Caveat Emptor?
   - ‘Caveat emptor’ is a Latin term that means "let the buyer beware."
   - The principle of caveat emptor serves as a warning to the buyers that they have no recourse with the seller if the product does not meet their expectations

5. What is Caveat Venditor?
   - The principle of caveat venditor, which means "let the seller beware," by which goods are covered by an implied warranty of merchantability.
   - Sellers assume much more responsibility for the integrity of their goods in the present day.

   - The Act is referred in short as ‘COPRA’.
   - The Consumer Protection Act 1986 seeks to protect and promote the interests of consumers.
   - The act provides safeguards to consumers against defective goods, deficient services, unfair trade practices, and other forms of their exploitation.

II. Short Answer Questions:

1. Which are the three constituent elements of business?
   - The producer, the consumer and the government are the three constituent elements of business. The consumer is the most exploited constituent in the business world.

2. What are the important legislations related to consumerism in India?
   - The Indian Contract Act, 1982 was passed to bind the people on the promise made in the contract.
   - The Agricultural Products Grading and Marketing Act, 1937 ensures the supply of agricultural commodities at high quality.
   - The Trademark Act, 1999 prevents the use of fraudulent marks on the product.
   - The Competition Act, 2002 protects the consumers against unhealthy competition.

3. What is meant by artificial scarcity?
   - There are certain situations where the shop-keepers put up the board ‘No Stock” in front of their shops, even though there is plenty of stock in the store.
   - In such situations consumers who are desperate to buy such goods have to pay high price to buy those goods and thus earning more profit unconscientiously.
   - Even in Cinema houses, board may hang in the main entrance ‘House Full’ while cinema tickets will be freely available at a higher price in the black market.

4. Write the importance of consumerism.
   - Awakening and uniting consumers.
   - Discouraging unfair trade practices.
   - Protecting against exploitation.
   - Awakening the government.
   - Effective implementation of consumer protection laws.
   - Providing complete and latest information.
5. What is the role of Government in consumer protection?

✓ Since most of consumers including academically educated are illiterate about their rights and hence passive. Government should assure an active role in safeguarding the consumers.
✓ Government both the central and the state have brought out a number of legislations to protect the interest of consumers across the country.

III. Long Answer Questions:

1. How consumers are exploited?

1. Selling at Higher Price
   The price charged by the seller for a product service may not be matching with the quality but at times it is more than the fair price.

2. Adulteration
   It refers to mixing or substituting undesirable material in food. This causes heavy loss to the consumers. This will lead to monitory loss and spoil the health.

3. Duplicate or Spurious goods
   Duplicates are available in plenty in the market for every original and genuine parts or components like automobile spare parts, blades, pens, watches, radios, medicines, jewellery, clothes and even for currency notes.

4. Sub-standard
   On opening a packet or sealed container one may find the content to be of poor quality. A consumer finds it difficult to exchange the defective one for good one. Some seller give bills which contain a stipulation that goods sold cannot be taken back.

5. Warranty and Services
   Warranty service may not be extended to many parts/components of the product sold. Thus consumers may be charged exorbitant charges in the name of repair costs.

6. False Advertisements
   Advertisements convey very little information about the product. Many times it makes false representation about the quality, price, grade, composition, utility guaranteed, performance etc.

2. Explain the role of business in consumer protection.

1. Avoidance of Price Hike
   Business enterprises should stop from hiking the price in the context of critical shortage of goods/articles.

2. Avoidance of Hoarding
   Business enterprises should allow the business to flow normally. It should not indulge in hoarding and black marketing to earn maximum possible profit in the short term at the cost of consumers.

3. Guarantees for Good Quality
   Business enterprises should not give false warranty for the products. It should ensure supply of good quality.

4. Product Information
   Business enterprises should disclose correct, complete and accurate information about the product viz. size, quality, quantity, substances, use, side effects, precautions, weight, exchange, mode of application etc.

5. Truth in advertising
   Business enterprises should not convey false, untrue, bogus information relating to the product through the advertisements in media and thus mislead the consumers.

6. Consumer Grievances
   Where the business enterprises have customer care department, it should handle the grievances’ of consumer immediately or within a definite time frame.

3. What are the needs for consumer protection?

- Though consumer is said to be the king of entire business sphere, his interests are virtually neglected.
- Shortage of goods makes the consumers to be content with whatever is offered for sale.
- Quality is sacrificed: warranty of performance has no meaning; health hazard is never considered; profit maximisation turns out to be sole consideration of business enterprises.
- The other and highly injurious practice by the suppliers, especially in India, is widespread practice of adulteration of commodities.
- For instance, in case of drugs manufacturers generally charge high prices which are much above their cost of production. Some pharmaceutical companies misuse their patent rights to exploit consumers.
- The cost of advertisement is added to the cost of production and this leads to very high prices being charged from the consumers.
- Misleading advertising is another means by which the producers deceive the consumers.
- It is due to the above practices of the manufacturers and suppliers which have resulted in consumer protection movement and have forced the governments to enact legislation to protect the consumers.

4. Explain the role of consumers in Consumer Protection..

- Ultimately it is the consumer who alone can put an end to all their unethical trade practices.
- Business enterprises may break the codes and Government may rest content with mere enaction of laws and do little to protect consumers.
- In this context consumers have to be vigilant and organise themselves into a movement for concerted action.

Activation of Consumer Action Councils

- Consumer action councils established at village levels should educate consumers of the right.
- Consumer protection agencies should take necessary steps to investigate consumer complaints and grievances and arrange to forward them to correct forum.
- It should regulate business enterprises according to the rules of the industry.
- Voluntary consumer groups should provide information so as to educate consumers on matters affecting them through media.
- It should organise movement against the malpractice of manufacturers and traders.
- Consumer cooperatives need to be strengthened.
- Consumer groups should contact the legislators to raise the consumer issues in Assembly and Parliament.
- There should be testing laboratories a teach district to test the purity of goods.

CHAPTER 20: LIBERALIZATION, PRIVATISATION, AND GLOBALIZATION

I. Very Short Answer Questions:
1. State the branches of New Economic Policy.
   There are three dimensions of New Economic Policy
   ➢ Liberalization, Privatisation, And Globalization

2. What is Privatisation?
   Privatization is the incidence or process of transferring ownership of a business enterprise, agency or public service from the government to the private sector.

3. Mention any three disadvantages of Liberalisation.
   (a) Increase in unemployment
   (b) Loss to domestic units
   (c) Increased dependence on foreign nations
   (d) Unbalanced development

4. Name the industries which are reserved for public sector.
   Currently only Atomic Energy, Defence and Railways are Government monopoly industries i.e., Public sector industries in the country.

5. Give any three advantages of Globalisation.
   (a) Increase in foreign collaboration
   (b) Expansion of market
   (c) Technological development
   (d) Reduction in brain drain

II. Short Answer Questions:
1. What do you mean by Liberalisation?
   ➢ Liberalization refers to laws or rules being liberalized, or relaxed, by a government.
   ➢ Liberalization means relaxation of various government restrictions in the areas of social and economic policies in order to make economies free to enter in the market and establish their venture in the country.

2. Explain the concept of Privatisation.
   ➢ Privatisation means permitting the private sector to set up industries which were previously reserved for the public sector.
   ➢ The main reason for privatisation was that PSUs were running in losses due to mismanagement and political interference. The managers could not work independently and the production capacity remained under-utilized.

3. What are advantages of disinvestment? 
The Govt. has started the process of disinvestment in those PSUs which had been running into loss. It means that Govt. has been selling out these industries to private sector.
   Advantages:
   ➢ The government can focus more on core activities such as infrastructure, defence, education etc..
   ➢ Brings about greater efficiencies for the economy and markets as a whole
   ➢ Greater opportunities and avenues for career growth- further employment generation

4. State any three impacts on Globalisation.
   (a) Corporations got a competitive advantage from lower operating costs, and access to new raw materials and additional markets.
   (b) Multinational corporations (MNCs) can manufacture, buy and sell goods worldwide.
   (c) Globalisation has led to a boom in consumer products market.
5. Write a short note on New Economic Policy.

✓ India agreed to the conditions of World Bank and IMF and announced New Economic Policy (NEP) which consists of wide range of economic reforms.
✓ This new set of economic reforms is commonly known as the LPG or Liberalisation, Privatisation and Globalisation model.

**Liberalisation** refers to laws or rules being liberalized, or relaxed, by a government.
**Privatisation** means permitting the private sector to set up industries which were previously reserved for the public sector.
**Globalisation** means the interaction and integration of the domestic economy with the rest of the world with regard to foreign investment, trade, production and financial matters.

III. Long Answer Questions:

1. Explain the advantages and disadvantages of liberalisation.

Liberalization means relaxation of various government restrictions in the areas of social and economic policies in order to make economies free to enter in the market and establish their venture in the country

**Advantages:**
(a) Increase in foreign investment:
✓ If a country liberalises its trade, it will make the country more attractive for inward investment.

(b) Increase the foreign exchange reserve:
✓ Relaxation in the regulations covering foreign investment and foreign exchange has paved way for easy access to foreign capital.

(c) Increase in consumption:
✓ Liberalization increases the number of goods available for consumption within a country due to increase in production.

(d) Control over price:
✓ The removal of tariff barriers can lead to lower prices for consumers. This would be particularly a benefit for countries who are importers.

**Disadvantages:**
(a) Increase in unemployment:
✓ Trade liberalisation often leads to a shift in the balance of an economy. Some industries grow, some decline. Therefore, there may often be structural unemployment from certain industries closing.

(b) Loss to domestic units:
✓ With fewer entry restrictions, it has been possible for many entrants to make inroads into the country, which poses a threat and competition to the existing domestic units.

(c) Increased dependence on foreign nations:
✓ Trade liberalisation means firms will face greater competition from abroad.

(d) Unbalanced development:
✓ Trade liberalisation may be damaging for developing economies, The trade liberalisation often benefits developed countries rather than developing economies.
2. Explain the impact of LPG on Indian Economy.

Impact of Liberalization:
- Liberalization has opened up new business opportunities abroad and increased foreign direct investment.
- It became very easy to obtain loans from banks for business expansion.
- "Foreign Collaboration" is the latest outcome of liberalization.
- A number of multinational companies started operating world-wide including India.

Impact of Privatization
- Privatization has a positive impact on the financial growth by decreasing the deficits and debts.
- Increase in the efficiency of government undertakings.
- Provide better goods and services to the consumers.
- Making way for Foreign Direct Investment (FDI)

Impact of Globalization
- Corporations got a competitive advantage from lower operating costs, and access to new raw materials and additional markets.
- Multinational corporations (MNCs) can manufacture, buy and sell goods worldwide.
- Globalization has led to a boom in consumer products market.
- The advent of foreign companies and growth in economy has led to job creation.
CHAPTER 21: THE SALE OF GOODS ACT 1930

I. Very Short Answer Questions:

1. What is a contract of sale of goods?
   Contract of sale of goods is a contract whereby the seller transfers or agrees to transfer the property (ownership) of the goods to the buyer for a price.

2. List down the essential elements of a contract of sale.
   (1) Two Parties
   (2) Transfer of Property
   (3) Goods
   (4) Price
   (5) Includes both ‘Sale’ and ‘Agreement to Sell’

3. What is meant by goods?
   - The subject matter of contract of sale must be goods.
   - The term ‘goods’ includes every kind of movable property, stocks and shares, growing crops etc.
   - Goodwill, trademarks, copy rights, patent rights etc., are all also regarded as goods.

4. What is a Contingent Goods?
   - Contingent goods are the goods, the acquisition of which by the seller depends upon a contingency (an event which may or may not happen).
   - Contingent goods are a part of future goods.
   - Eg. ‘A’ agrees to sell a particular painting work, provided he gets from ‘C’.

5. What do you understand by warranty?
   - Warranty represents a requirement which is collateral to the main purpose of the contract. It is of secondary importance to the contract.
   - The violation of warranty entitles the affected party to claim damages or compensation from the other party. But he cannot cancel the contract altogether.

II. Short Answer Questions:

1. Explain the meaning of Agreement to sell.
   - The term contract of sale includes both sale and agreement to sell.
   - If the property in goods is transferred immediately to the buyer it is called a sale.
   - On the other hand, if the transfer of property takes place at a future date or on fulfilment of certain conditions, it is called ‘an agreement to sell’.

2. Discuss in detail about existing goods.
   Existing goods are those owned or possessed by the seller at the time of contract of sale. Goods possessed even refer to sale by agents or by pledgers.
   Existing goods may be either
   (i) Specific Goods-Specific goods denote goods identified and agreed upon at the time of contract of sale.
   (ii) Ascertained Goods-The goods which become ascertained subsequent to the formation of the contract.
   (iii) Generic or Unascertained Goods-These are goods which are not identified and agreed upon at the time of contract of sale.

3. Discuss the implied conditions and warranties in sale of goods contract.
   In every contract of sale, there are certain expressed and implied conditions and warranties. The term implied conditions and warranties means which can be indirect from or guessed from the context of the contract. Following are the implied conditions:
   1. Conditions as to Title
   2. Conditions as to Description
   3. Sale by Sample
   4. Conditions as to Quality or Fitness
Implied Warranties:

(i) Quiet Possession
(ii) Free from Any Encumbrances
(iii) Warranty in the case of Dangerous Goods

4. Discuss in detail the rights of an unpaid seller against the buyer personally.

(i) Suit for price:
   ➢ Where the ownership in the goods has passed to the buyer and the buyer refuses to pay for the goods, the seller can file case against the buyer for the price.

(ii) Suit for Damages for Non-acceptance:
   ➢ Where the buyer wrongfully refuses to accept the goods, the seller can sue him for damages for non-acceptance of the goods.

(iii) Suit for Cancellation of the Contract before the Due Date:
   ➢ Where the buyer cancels the contract before the date of delivery, the seller may either treat the contract as continuing or wait till the due date or he can file a case against buyer immediately.

(iv) Suit for Interest:
   ➢ Where there is a specific agreement between buyer and seller regarding charging interest on the price, the seller can recover interest from the buyer from the due date of contract till the date of payment of purchase price.

III. Long Answer Questions:

1. Explain in detail the elements of Contract of sale.

(1) Two Parties
   ➢ A contract of sale involves two parties—the seller and the buyer.
   ➢ The buyer and the seller should be two different persons.
   ➢ If a person buys his own goods, there is no sale.
   ➢ When the goods of a person are sold in execution of a decree, he himself may buy the goods to retain their ownership.

(2) Transfer of Property
   ➢ To constitute sale, the seller must transfer or agree to transfer the ownership in the good to the buyer.
   ➢ A simple transfer of possession does not amount to sale.

(3) Goods
   ➢ The subject matter of contract of sale must be goods. It excludes money, actionable claims and immovable property.
   ➢ The term ‘goods’ includes every kind of movable property, stocks and shares, growing crops etc.
   ➢ Goodwill, trademarks, copy rights, patent rights etc., are all also regarded as goods.

(4) Price
   ➢ The monetary consideration for the goods sold is called price.
   ➢ If goods are exchanged for goods, it is only barter and not a sale.
   ➢ But if goods are sold partly for goods and partly for money, the contract is one of sale.

(5) Includes both ‘Sale’ and ‘Agreement to Sell’
   ➢ The term contract of sale includes both sale and agreement to sell.
   ➢ If the property in goods is transferred immediately to the buyer it is called a sale.
   ➢ If the transfer of property takes place at a future date or on fulfilment of certain conditions, it is called ‘an agreement to sell’.

5. Discuss in detail the rights of an unpaid seller against the goods.

(i) Where the Property in the Goods has Passed to the Buyer

1. Right of Lien:
An unpaid seller has a right to retain the goods till he receives the price. But to exercise this lien
   - He must be in possession of goods
   - The goods must have been sold without any stipulation as to credit or where goods have been sold on credit, the terms of credit must have expired.
   - It must be remembered that the right of lien depends on actual possession.

Circumstances Under which the Right of Lien is Lost
   - When he delivers the goods to a carrier or other bailee for the purpose of transmission to the buyer without reserving the right of disposal of the goods. (or)
   - When the buyer took delivery from booking office (or)
   - When the seller waives his right of lien

2. Right of Stoppage in Transit
Goods must be neither with the seller nor with the buyer but should be in the hands of a carrier. Further, the buyer must have become an insolvent.

Termination of Right of Stoppage
This right to stop the goods comes to an end:
   - When the goods are delivered to the buyer or his agent or
   - When, on arrival of the goods at the appointed destination, the carrier communicates to the buyer or his agent that he is holding the goods on his behalf

3. Right of Resale
The unpaid seller can resell the goods
   - Where they are of a perishable nature or
   - After exercising his right of lien or stoppage in transit, even though he has given intimation to the buyer of his intention to resell, buyer has not tendered the price within a reasonable time.
   - Where the seller has expressly reserved the right of resale in the contract itself
CHAPTER 22: THE NEGOTIABLE INSTRUMENTS ACT 1881

I. Very Short Answer Questions:
1. What is meant by Negotiable Instrument?
   According to Negotiable instruments Act 1881, a negotiable instrument means a promissory note, bill of exchange or cheque payable either to order or to bearer.

2. Define Bill of Exchange
   According to section 5 of the Negotiable Instruments Act, “a bill of exchange is an instrument in writing containing an unconditional order, signed by the maker, directing a certain person to pay a certain sum of money only to, or to the order of a certain person or to the bearer of the instrument”.

3. List three characteristics of a Promissory Note.
   ✓ A promissory note must be in writing.
   ✓ The promise to pay must be unconditional
   ✓ It must be signed by the maker.
   ✓ The sum payable must be certain and must be specified in the note itself.
   ✓ A promissory note must be sufficiently stamped.

4. What is meant by a cheque?
   According to section 6 of the Negotiable Instruments Act, 1881 defines a cheque as “a bill of exchange drawn on a specified banker and not expressed to be payable otherwise than on demand”.

   “When the maker or holder of a negotiable instrument signs the name, otherwise that as such maker for the purpose of negotiation, on the back or face thereof, or on a slip of paper annexed thereto or so signs for the same purpose a stamped paper intended to be completed as a negotiable instrument, he is said to endorse the same and is called the endorsee”. - Section 15 of the Negotiable instruments Act 1881

II. Short Answer Questions:
1. Explain the nature of a Negotiable Instrument.
   1. Transferability:
      A negotiable instrument is transferable from one person to another without any formality, such as affixing stamp, registration etc.,
   2. Title of the holder free from all defects:
      Even though the right of the person who transferred the instrument to holder in due course is defective i.e. disentitled to transfer, the title of the holder in due course is superior. He/ she need not return the bill to true owner.
   3. Right of the transferee to sue
      The transferee is entitled to sue on the instrument in his own name in case of dishonour, without giving notice to the debtor that he has become its holder.

5. Discuss the two different types of crossing.

General Cheque Crossing:
- The cheque bears across its face an addition of two parallel transverse lines and/or the addition of words ‘and Co.’ or ‘not negotiable’ between them.
- Thus, in this case, the holder of the cheque or the payee will receive the payment only through a bank account and not over the counter.

Special Cheque Crossing:
- The cheque bears across its face an addition of the banker’s name, with or without the words ‘not negotiable’.
- In this case, the paying banker will pay the amount of cheque only to the banker whose name appears in the crossing or to his collecting agent.
- However, in special crossing two parallel transverse lines are not essential but the name of the banker is most important.

III. Long Answer Questions:

1. Mention the presumptions of Negotiable Instruments.

3. Discuss in detail the features of a cheque.

(i) Instrument in Writings:
A cheque or a bill or a promissory note must be an instrument in writing. Though the law does not prohibit a cheque being written in pencil, bankers never accept it because of risks involved.

(ii) Unconditional Orders:
The instrument must contain an order to pay money. It is not necessary that the word ‘order’ or its equivalent must be used to make the document a cheque.

(iii) Drawn on a Specified Banker Only:
The cheque is always drawn on a specified banker. The customer of a banker can draw the cheque only on the particular branch of the bank where he has an account.

(iv) A Certain Sum of Money Only:
The order must be for payment of only money. If the banker is asked to deliver securities, the document cannot be called a cheque.

(v) Payee to be Certain:
The cheque must be made payable to a certain person or to the order of a certain person or to the bearer of the instrument.

(vi) Signed by the Drawer:
The cheque is to be signed by the drawer. Further, it should tally with specimen signature furnished to the bank at the time of opening the account.

(vi) Payable Always on Demand:
A cheque is always payable on demand. The words on demand are not used when the drawee bank is asked to pay and the time for its payment is not specified, it is considered to be payable on demand.
4. What are the requisites for a valid endorsement?

1. Endorsement is to be made on the face of the instrument or on its back. It is usually made on the back of a negotiable instrument.
2. When there is no space for making further endorsements a piece of paper can be attached to the negotiable instrument for this purpose. This piece of paper is called ‘Allonge’.
3. If the endorsee’s name is wrongly spelt, the endorsee should sign the same as spelt in the instrument and write the correct spelling within brackets after his endorsement.
4. Endorsement for only a part of the amount of the instrument is invalid. It can be made only for the entire amount.
5. Where, however, the instrument has been partly paid, a note to that effect can be given on the instrument and endorsement made for the balance amount.
6. Endorsement is complete only when delivery of the instrument is made. On the death of the endorser who has endorsed an instrument but has not delivered it to the endorsee, the endorsement becomes invalid.
7. It is presumed that the endorsements appearing on a negotiable instrument were made in the order in which they appear thereon.
8. Signing in block letters does not constitute regular endorsement.
9. The prefixes or suffixes added to the names of the payees or endorsees must be omitted in the endorsement.
10. If the payee is an illiterate person, he can endorse it by affixing his thumb impression on the instrument. But it must be duly attested by somebody who should give his full address thereon.

5. Explain the different kinds of endorsements

1. Endorsement in Blank / General:
   An endorsement is said to be blank or general when the endorser puts his signature only on the instrument and does not write the name of anyone to whom or to whose order the payment is to be made.
   Example: “Pallavan”

2. Endorsement in full or special endorsement:
   Where the endorser, in addition to his signature, specifies the person to whom or to whose order the instrument is payable, the endorsement is called endorsement in full.
   Example: Pay to Paari “Pallavan”

3. Conditional or qualified endorsement:
   Where the endorser of a negotiable instrument makes his liability dependent upon the happening of an event which may or may not happen, it is called conditional endorsement.
   Example: Pay Paari, if he returns from Delhi within three months “Pallavan”

4. Restrictive endorsement:
   When an endorsement restricts or prohibits further negotiability of the instrument, it is called Restrictive Endorsement.
   Example: Pay Sundar only “Pallavan”

5. Facultative Endorsement:
   To make an endorser liable on the instrument, notice of dishonour must be given to him. But if the endorser waives this right by a writing “Notice of dishonour waived” at the time of endorsing, it is called Facultative Endorsement.
   Example: Pay to Aruvi or order, Notice of dishonour waived “Radha”

5. Explain different types of open and secret types of voting.

   ✓ The word ‘Vote’ originated in Latin word ‘Votum’ indicating one’s wishes or desire.
   ✓ By casting his vote one formally declaring his opinion or wish in favour of or against a proposal or a candidate to be elected for an office

I. Open Procedure:

This type of voting has no secrecy as the all the members assembled can see voting.

There are two popular methods of open voting namely voice voting and voting by show of hands.

(a) By Voice:

✓ Voice voting is a popular type of voting in which the chairman allows the members to raise their voice in favour or against an issue ‘Yes’ for approval and ‘No’ for rejection.
✓ Chairman announces the result of voice voting on the basis of strength of words shouted.
✓ It is an unscientific method. It cannot be employed for deciding complex issue.

(b) By Show of Hands:

✓ Under this method the chairman, requests the members to raise their hands of those who are in favour of the proposal or candidate and then requests those who are against.
✓ Then the chairman counts the number of hands raised for Yes and No respectively can announce the result on the basis of hands counted.

II. Secret Procedure:

Secret procedure is adopted to decide certain vital issues. It is a popular voting method that could maintain the secrecy of the voter.

a) By Ballot:

✓ Under this system, ballot paper bearing serial number is given to the members to record their opinion by marking with the symbol or Shareholders have to cast their vote in a secret chamber and put the ballot paper into the ballot box.
✓ The chairman opens the ballot box in the presence of tellers or scrutineers and counts the votes. He rejects the defective or wrongly marked ballot papers. The votes are counted and the results are announced.

b) Postal Ballot:

✓ Big companies or big associations having members scattered all over the country follow this method of voting.
✓ Under this method serially numbered ballot papers are sent by post in sealed covers to the members who, living at a distant place, are unable to attend the meeting physically.
✓ The members or voters fill in the ballot papers and return them in sealed covers which are opened when the ballot box is opened for counting the votes.
